Crystal Clear Warranty - Bronze

What is Covered

Depending on the terms, conditions, general exclusions and claim limits shown in this document, the Bronze Guarantee will cover the cost of repairing or replacing any of the parts of your vehicle that are listed below where that part has failed as a result of sudden and unexpected mechanical or electrical fault. Bronze Cover does not cover wear and tear:

Note 1: Diagnostic costs are paid as standard (on covered components only).

Note 2: If a part that needs repairing or replacing is not listed it is not covered.

- Individual Claim Limit: £400
- Aggregate Claim Limit: Price paid for vehicle.

Automatic transmission

Gears, torque convertor, clutches, brake bands, oil pumps, shafts, bearings, shims, valves, governors and servos.

Brakes
